WE DO IT DIFFERENTLY TO DO IT BETTER
A SINGULAR FOCUS
A place where students, faculty and staff all share a singular focus on preparing students for careers in health care with the power to change the world.
University of Minnesota Rochester (UMR) is located in the heart of the medical world, just minutes from the globally respected Mayo Clinic. That’s where our students complete clinical rotations alongside some of today’s foremost practitioners and leaders in health care research.

Our campus in thriving Rochester is fueled by unrelenting curiosity and a profound desire to make the world a healthier place. The undergraduate experience at UMR inspires and empowers students to solve 21st-century health care challenges.

As a premier health sciences university, we strive to give our students every advantage. The tools of that mission include...

- **Curriculum** designed and delivered by today’s leaders in innovative learning.
- **Student Success Coaches** who offer guidance throughout the academic journey.
- **Experienced full-time faculty** who are active in their fields — no classes led by TAs here.

A CELEBRATION OF YOU

At UMR, we want you to be the healthiest, most well-rounded version of you, and we work to help you achieve this.

In addition to studying at UMR, we hope that during your time here, you make your forever friends, have fun, create memories outside of the classroom and build a network that will help you succeed as a student while at UMR and later as a college graduate.
A PLACE TO CALL HOME

Living at 318 Commons gives you the unique chance to be surrounded by 250+ peers, friends and people who have been where you are going. An off-beat mix of activities at 318 Commons helps you make connections and build your neighborhood.
A PLACE TO BELONG, A COMMUNITY TO CALL YOUR OWN.

A Living Learning Community (LLC) is an opportunity for students with similar interests to live and learn together. Each LLC provides opportunities for leadership, civic engagement and opportunities for students to further develop their self-identities as future health care professionals.
