UNIVERSITY OF MINNESOTA ROCHESTER

*in educational collaboration
with Mayo Clinic School of Health Sciences*

THE UMR ADVANTAGE

A SINGULAR FOCUS

A place where students, faculty and staff all share a singular focus on preparing students for careers in health care with the power to change the world.

IT'S WHO YOU KNOW

University of Minnesota Rochester (UMR) is located in the heart of the medical world, just minutes from the globally respected Mayo Clinic. That's where our students complete clinical rotations alongside some of today's foremost practitioners and leaders in health care research.

The undergraduate experience at UMR is fueled by unrelenting curiosity and a profound desire to make the world a healthier place. Students receive a University of Minnesota degree and an undergraduate experience that inspires and empowers students to solve the grand health challenges of the 21st century.

VIBRANT IDEAS & SOLUTIONS

As a premier health sciences university, we strive to give our students every advantage. The tools of that mission include...

- **Curriculum** designed and delivered by today's leaders in innovative learning.
- **Student Success Coaches** who offer guidance throughout the academic journey.
- Experienced **full-time faculty** who are active in their fields – no classes led by TAs here.

location is everything

ACADEMICS & ADMISSIONS

BSHS OVERVIEW

The Bachelor of Science in Health Sciences degree prepares students for health care careers, graduate education and professional degrees including medical school.

UMR's cross-disciplinary approach takes place in innovative Learning Lab environments that prepares students for an advanced degree or immediate career.

In the first few years, students share a common curriculum. In their final year, students tailor their experience to individual career/academic goals through their Capstone experience.

BSHS faculty are deeply rooted in the health sciences and committed to developing an integrated curriculum. They collaborate to deliver a truly life-altering education.

Just **ASK**

Associate Professor Abraham Ayebo assisting students at JustASK, where current students go to ask questions, get suggestions, talk about strategies and discover solutions.

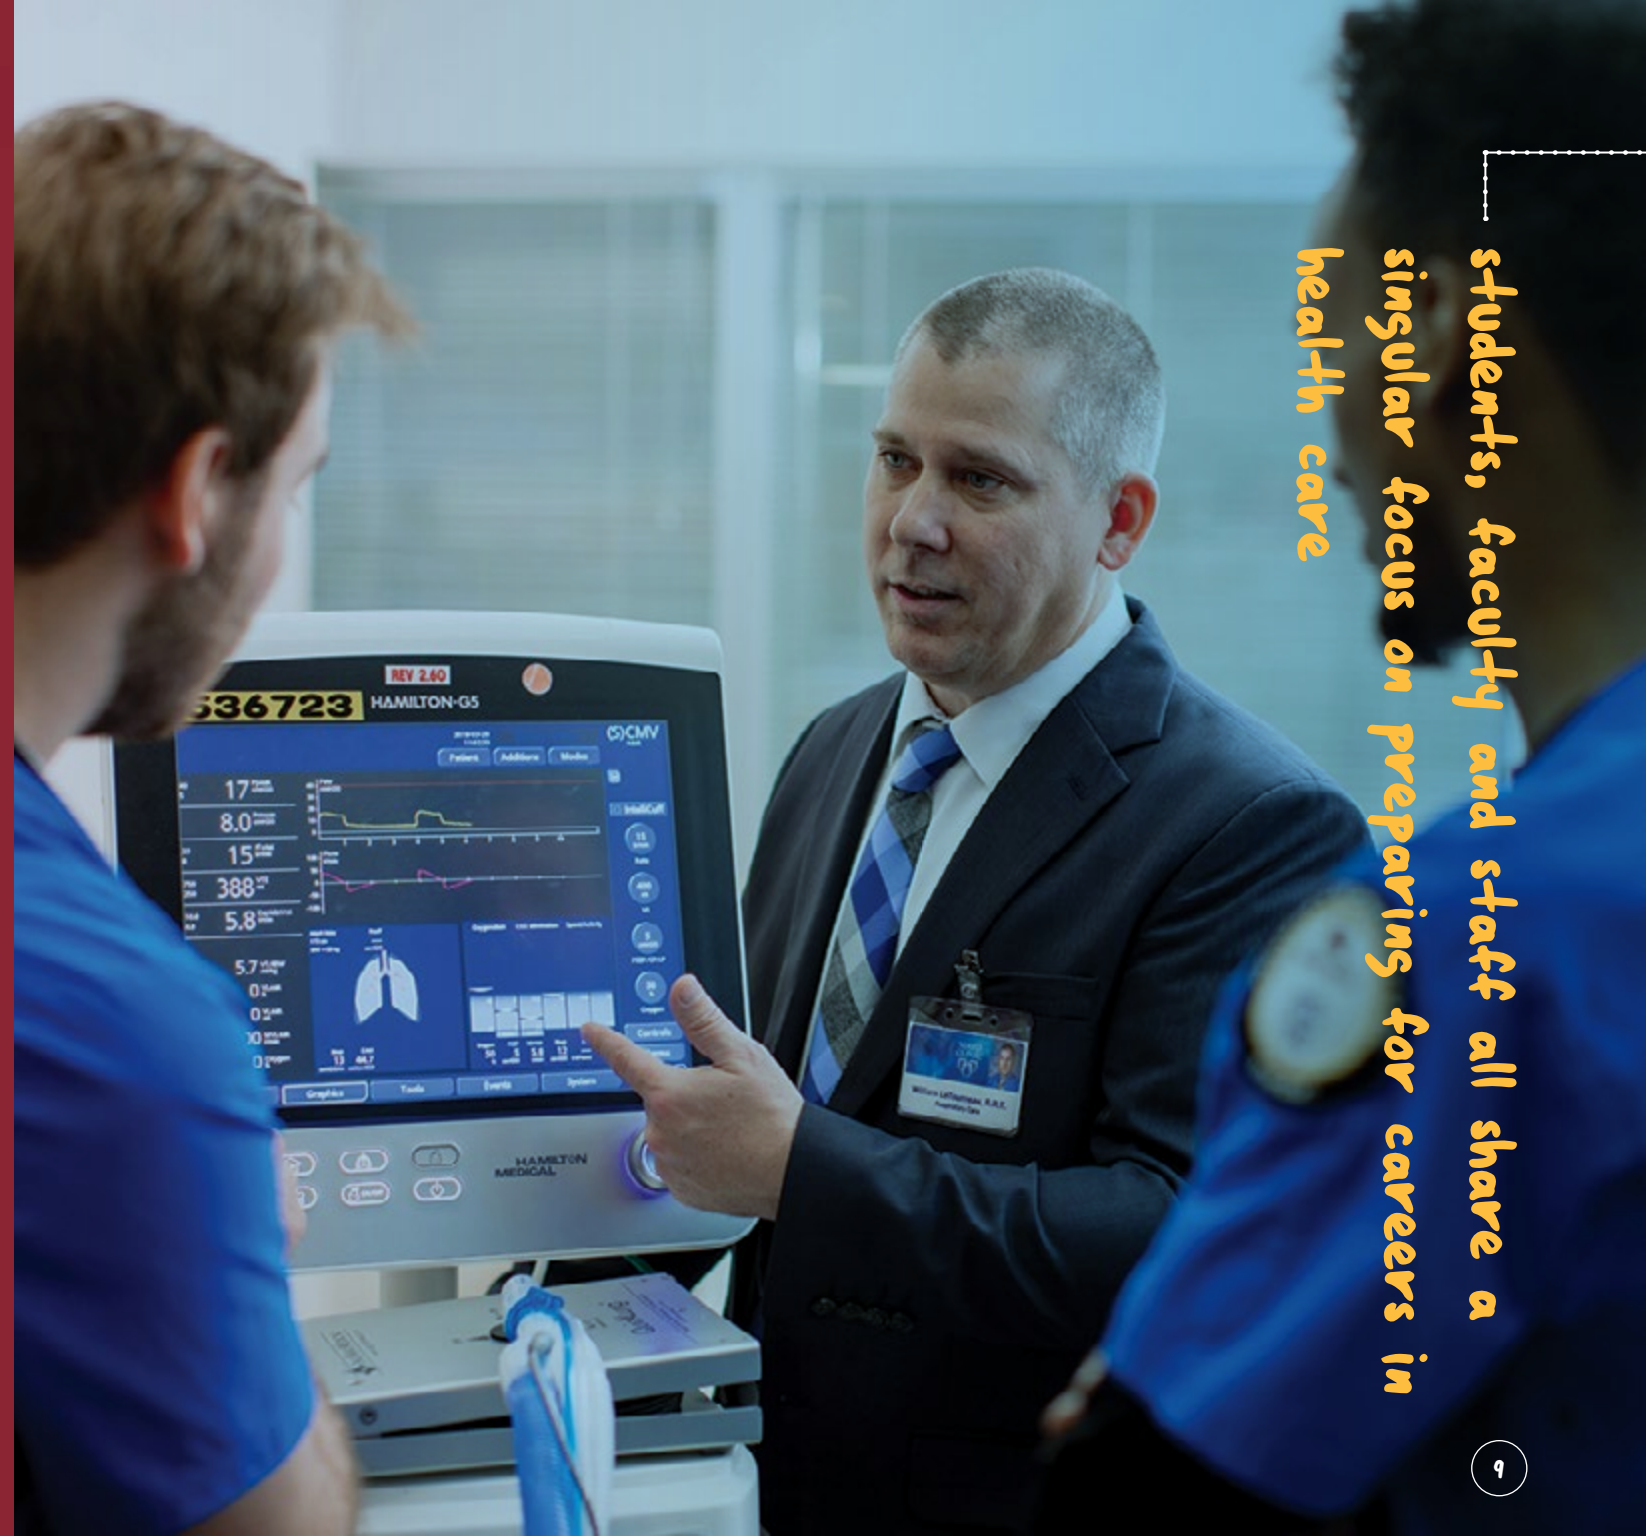

CAREER PATHWAYS

UMR's innovative degree programs provide students with a foundational undergraduate education that allows them to pursue a wide range of health careers.

IMPORTANT
APPLICATION
INFORMATION

SUCCESS IN MEDICINE

The University of Minnesota Rochester's innovative community includes expert faculty and partners at nearby Mayo Clinic — a globally respected name in health care. UMR students are driven to make a difference in health care and our location in the heart of Med City is often what draws students to this unique university.

Why not pursue your dream in medicine among some of the world's best practitioners, researchers and health care providers?

To set pre-med students up for success, UMR provides the following resources:

- ✓ Experiential learning opportunities in mentorship, research and hands-on patient care experiences.
- ✓ A dedicated Student Success Coach that provides individualized support to help students navigate their college experience.
- ✓ Small class sizes with dedicated faculty who will go the extra mile to ensure students truly understand important concepts pre-med students must know.

UMR ALUMNI ARE OFF
DOING BIG THINGS IN THE
WORLD OF MEDICINE

NXT GEN MED

GET A HEADSTART ON YOUR DEGREE

NTX GEN MED is an accelerated bachelor's program designed for inquisitive students who want to solve the world's health care challenges. Students will experience small, diverse classes with strong career and academic support. NXT GEN MED is a year-round program that will prepare you to enter the workforce sooner and lessen your overall college costs.

2.5 YEARS TO YOUR FUTURE

UMR has taken the traditional eight-semester undergraduate degree and applied it to a yearly calendar, allowing students to earn a bachelor's degree in 2.5 years. NXT GEN MED students take courses for seven consecutive terms.

PROGRAM BENEFITS:

- paid Mayo Clinic internship
- Mayo Clinic mentor
- real-world experience
- research experiences
- small, diverse classes
- personal student success coach
- scholarships

IMPORTANT APPLICATION INFORMATION

NXT GEN MED is a limited access, rolling admissions program for new freshmen. This program is not for students interested in pre-med or patient care careers. Apply to the BSMS program using either the Common App or the Raptor App and complete the NXT GEN MED supplemental application.

ADMISSION REQUIREMENTS/ APPLICATION CHECKLIST

APPLICATION CHECKLIST

STUDENT LIFE AT UMR

A CELEBRATION OF YOU

Though different from the traditional university campus, UMR has a vibrant student life. Our students have access to a wide range of fitness and recreational opportunities with nearby biking and hiking trails, parks, a fitness room, weightlifting equipment and swimming pool.

Students can also choose to participate in more than 30 active student clubs and organizations.

ON CAMPUS LIVING

Experience a high quality living experience with security measures designed for safety and comfortability.

First-year students are provided with a fully furnished room and bathroom for two students.

DINING SERVICES

Students living in the Student Life Center will participate in a 19 meals per week meal plan. UMR's new dining facility, Raptor Eats provides students with a variety of healthy options. Dining on campus is more than just a way to satisfy your hunger. It's an experience that unlocks countless opportunities and connections during your time on campus.

ROCHESTER

live and learn with health sciences students who share your passion

LIVING LEARNING COMMUNITIES

As part of the First Year Experience at UMR, all new, incoming, first-year students will participate in a unique Living Learning Community (LLC). Living Learning Communities help connect students with similar interests both in the classroom and outside of the classroom.

- sustainable living
- nursing
- economic disparities in health care
- gender and sexuality
- intercultural experiences
- arts and health
- healthy living
- global connections
- Health CORE*
- NXT GEN MED**

*This LLC has a unique application process and deadline.

**This LLC is reserved for NXT GEN MED students.

UMR students are active in clubs focused on service, recreation, academic, cultural, faith-based, leadership and special interest, UMR students have a strong desire to give back.
